dissertation defense advice
Wondering why? I am hoping I will get used to this state of affairs, but just now am exhausted.

An extra 10 pounds is fine and slightly over-weight people actually live longer than slightly under-weight people, but that still leaves you with about 20 pounds, or 15% of your current weight, to lose first.

There’s plenty of phallic symbolism all over the temple.

My final prednisone dose was late January of 2013.

- Your condition may worsen rapidly if Amiodarone is stopped suddenly
